

Name Nora Savage

Position Program Director
University or Company National Science Foundation

Bio: Nora obtained her B.S in Chemical Engineering in 1992 from Prairie View A&M University located in Prairie View, Texas. She received two Masters Degrees (in Environmental Engineering and Environmental Science) from the University of Wisconsin-Madison, located in Madison, Wisconsin in 1995, and a doctoral degree in Environmental Science from the same institution in 2000. Nora currently serves as Program Director for the Nanoscale Interactions Program housed within the Chemical, Bioengineering, Environmental and Transport Systems Division of the Engineering Directorate at the National Science Foundation. Her responsibilities include the management and coordination of technical scientific review panels and management of a grant portfolio of nanotechnology research projects.
